Re: Verizon's Petition for Confidentiality,
PSC Case No. 2007-00503

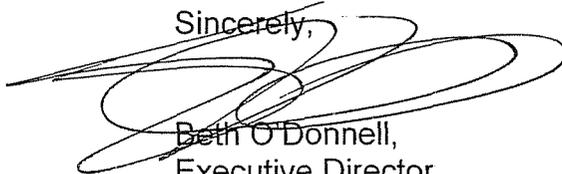

Dear Sirs:

The Public Service Commission has received Verizon's Petition filed December 5, 2007 requesting to protect as confidential, certain information in its Petition to Reduce WindStream's Access Charges. This information is identified in the Petition as average access revenues per minute ("APRM") calculations.

A review of the information has determined that it is entitled to the protection requested on the grounds relied upon in the Petition, and it will be withheld from public inspection.

If the information becomes publicly available or no longer warrants confidential treatment, you are required by 807 KAR 5:001, Section 7(9)(a), to inform the Commission so that the information may be placed in the public record.

Sincerely,

Beth O'Donnell,
Executive Director
